

Product Specification Sheet

Arch 500x900 Mirror With LED Light, Demister And Brushed Brass Aluminium Frame – AR50D-BB

There is something quite special about the backlit Arch series led bathroom mirrors with demister. The round edges on the top defy the typical shaping of a mirror, and the backlit aura of light that it emits gives the mirror a sense of exclusivity. With the practical luxury of an in-built demister that defogs the mirror after a hot shower, there is something truly spectacular about this innovative design.

- ✓ Arch 500x900 mirror with LED lighting, demister and Brushed Brass aluminium frame (also available matt black, gunmetal, rose gold, brushed Nickel and frameless)
- ✓ All LED products must be installed by a licensed electrician in accordance with local regulations.
