

Product Specification Sheet

Arch 500x900 Mirror With LED Light And Demister – AR50D

There is something quite special about the backlit Arch series led bathroom mirrors with demister. The round edges on the top defy the typical shaping of a mirror, and the backlit aura of light that it emits gives the mirror a sense of exclusivity. With the practical luxury of an in-built demister that defogs the mirror after a hot shower, there is something truly spectacular about this innovative design.

- ✓ Arch 500x900 mirror with LED lighting and demister
- ✓ Frameless (also available with aluminium frames ranging in colours - matte black, gunmetal, brushed nickel, rose gold and brushed brass) at additional cost
- ✓ All LED products must be installed by a licensed electrician in accordance with local regulations.
