SilkSurface™ 20mm SOLID SURFACE COLLECTION

SilkSurface is the right choice for enduring beauty. Manufactured using a special multi-process technique, these solid surfaces have a beautiful blend of colours with a realistic natural appearance. Tops made from our SilkSurface range are high performance 20mm solid surfaces.

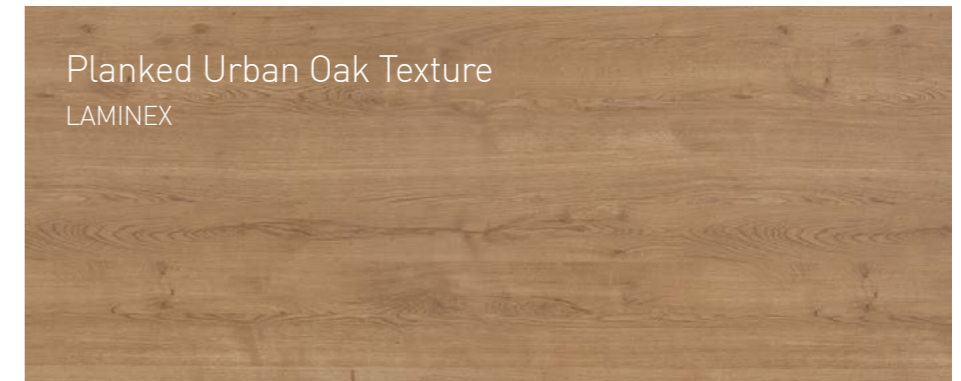

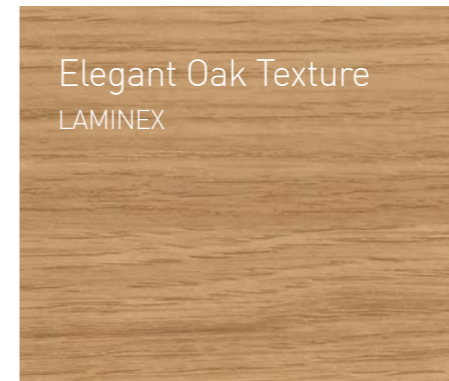

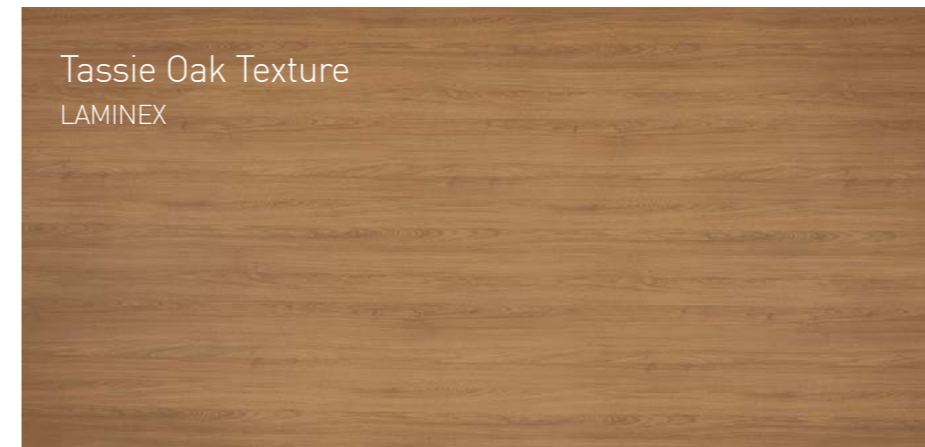

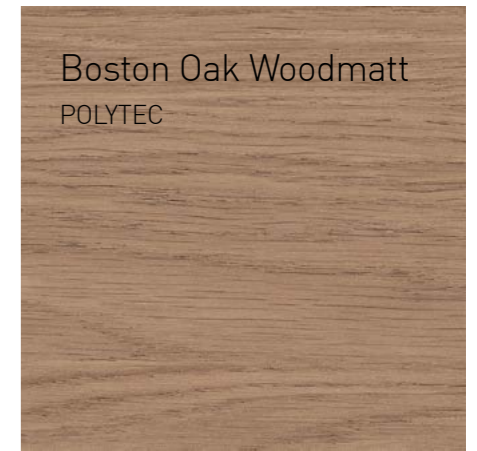

SilkSurface may be substituted for equivalent colours if required.

SilkSurface is manmade slab with a mineral composite resin base. As each slab is individual, natural variation in graining and colouring is to be expected. While the colours in this brochure are to the highest standard in printing, it should only be used as an indication of actual product design. Please visit your local showroom to view larger samples.

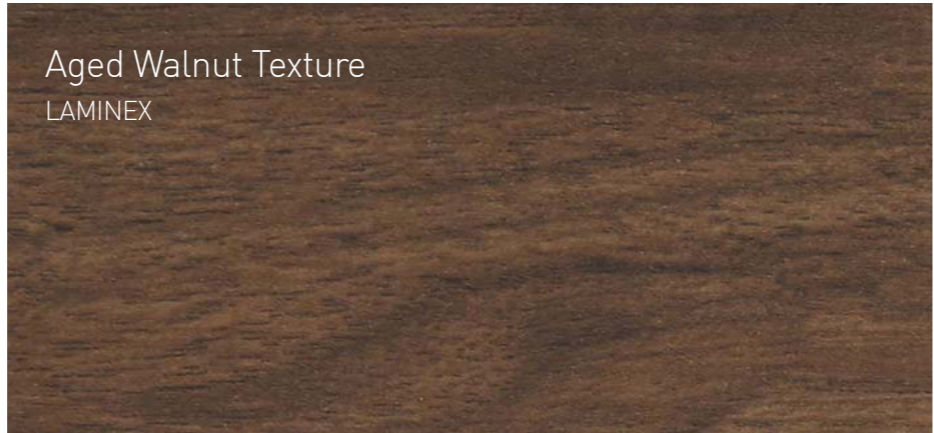

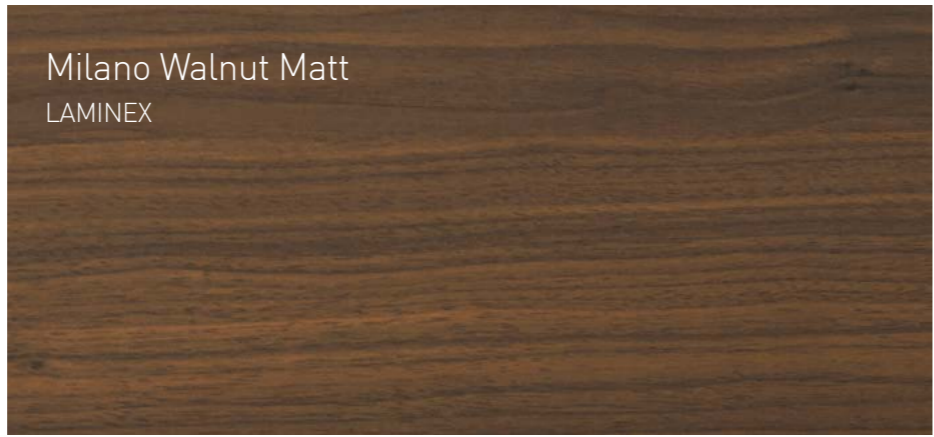

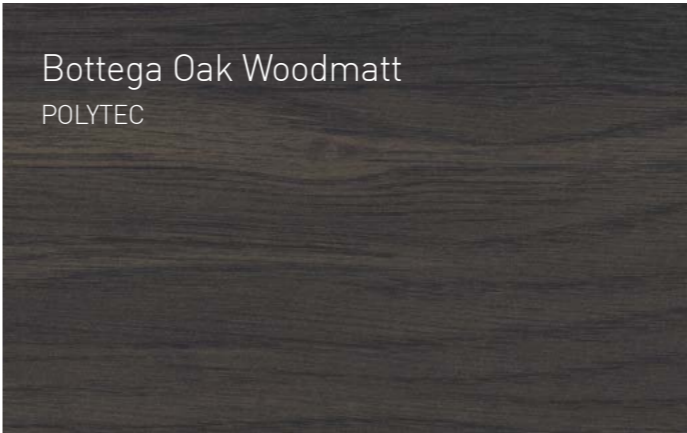

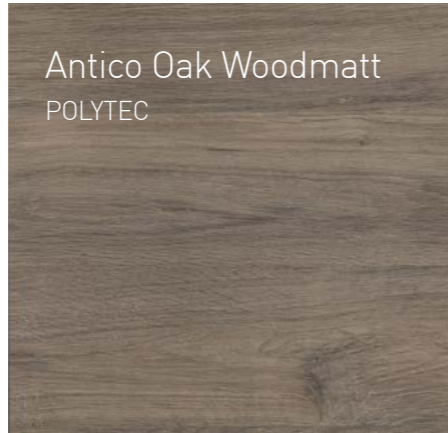

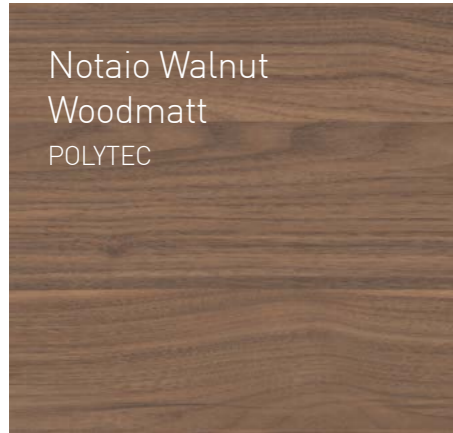

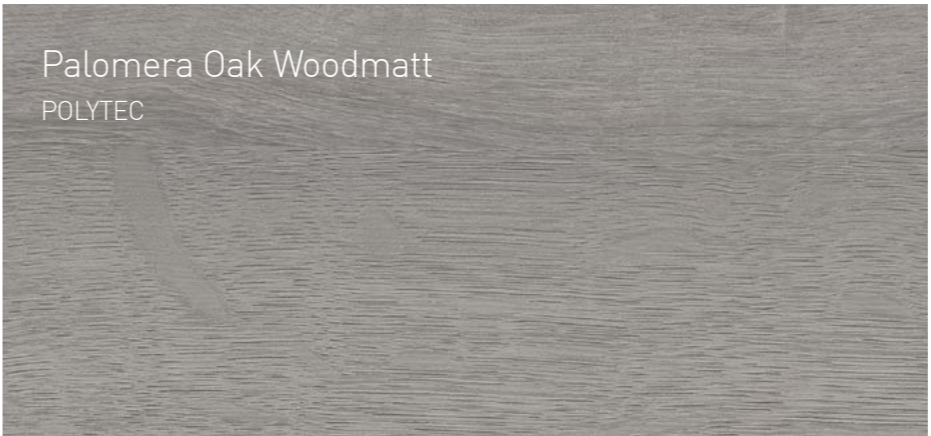

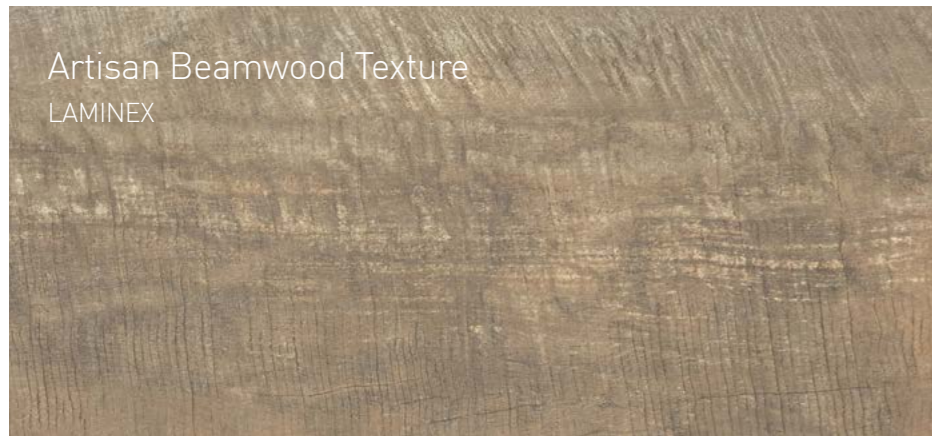

STANDARD WOODGRAIN CABINET COLOUR COLLECTION

Choose any of these colours - at no extra cost! The Melamine woodgrain finishes are ultra durable and add warmth and colour to your bathroom. Some woodgrains have a matt finish while others have a realistic texture. Please make sure you check out actual colour samples before placing your order. Obviously it is impossible to get a perfect reproduction of the real colours in a printed brochure. Colours may be substituted for alternative matching brands.

Woodgrain finishes are not available on shaker routed vanities.

Note for woodgrain cabinets: Due to manufacturing process grain patterns do not line up across panels. Horizontal grain is standard on vanity units. Grain direction may vary for tallboys and shavers.

STANDARD PAINT COLOUR COLLECTION

Choose any of these colours for any of our vanities, tallboys, shaving cabinets or mirrors at no extra cost! All painted colours are finished with our durable 2 pack polyurethane hardening process, which makes them easy to clean and hard-wearing.

Shaker routed vanities including Henley, Saba, Victoria and Windsor ranges are only available in painted finishes.
